9. QUESTION: (INCLUDE SCENARIO IF NEEDED FOR CLARITY):		

A CalFresh customer is receiving room rental payments for two rooms within her home. The CWD has determined this is a self-employment situation. The customer does not have a mortgage, but pays utilities, taxes and insurance on the home. Is the customer entitled to receive the 40% self-employment deduction as well as the excess shelter and utility deduction in the budget? Our county received a QC error for not allowing the 40% self-employment deduction. However, when calculating the budget, a question arose about whether or not allowing the 40% deduction and the Excess Shelter deduction is a duplication of deductions with room rentals because the business expenses includes a contribution towards the shelter costs..

ACIN I-03-02 addresses room rental situations but does not clearly indicate if the Excess Shelter Deduction is used as a separate deduction when using the 40% Self-Employment Deduction.

10. REQUESTOR'S PROPOSED ANSWER:
<p>ACIN I-03-02 states, "She cannot claim a portion of her share of rent and utilities as business expenses, as well as claiming her full share of rent and utilities as a shelter deduction." or "The excess shelter deduction and the 40% self-employment deductions are both allowable deductions in a room rental situation when the landlord lives in the home".</p> <p>1. MPP 63-509 (B) Shelter costs shall be determined at application and recertification and shall remain fixed at the determined amount until the household reports either a change on the QR 7, makes a voluntary mid-quarter report, or a mandatory report of a move. (This doesn't suggest a mandatory report of a change if a customer decides to rent some rooms during the certification period). 2. MPP 63-503.3- Total the allowable shelter expenses to determine shelter costs. Subtract from the total shelter costs 50% of the household's monthly income after all deductions have been subtracted. The remaining amount, if any, is the excess shelter cost.</p>
11. STATE POLICY RESPONSE (CFPB USE ONLY):

Based on interpretations in ACIN I-03-02, the county is correct in assessing the room rental as self-employment and as such, the recipient is entitled to the 40% self-employment deduction. In addition to this, ACIN I-03-02 states that both the Excess Shelter Deduction and the 40% self-employment deduction are allowable in a room rental situation when the landlord lives in the home as is the case in the example.
